

## Our Small Animal Team

Robert Davies

**Dr. Rob Davies (Owner / Equine):** Dr. Rob enjoys continuing veterinary education and is dedicated to keeping up with new developments in veterinary care. His hospital keeps up to date with new technologies for diagnosis and treatments. Dr. Rob has a special interest in equine reproduction work.

Dan Joachim

**Dr. Dan Joachim (Head Vet / Small Animal):** Dr. Dan has more than 25 years' experience as a Veterinarian and has been an integral part of the Balddivis team since 2002. He has a special interest in orthopaedic surgery, general surgery, behaviour, dermatology and exotic pets.

Joram Mudzingwa

**Dr. Joram Mudzingwa (Small Animal):** Dr. Joram has over 10 years' experience as a Veterinary Surgeon, and has completed further education in surgery. He has worked in the UK for a number of years, and joined the Balddivis team in 2014. He has a special interest in soft tissue and orthopaedic surgery.

Narelle Thompson

**Dr. Narelle Thompson (Small Animal):** Dr. Narelle has been a part of the Balddivis team since 2012. She is a small animal vet with a special interest in ultrasonography and heading our 'Cat Friendly Practice'. She also has a passion for horses and enjoys competing in show jumping competitions with her horse, 'Bill'.

Janelle Kirkwood

**Dr. Janelle Kirkwood (Small Animal):** Dr. Janelle started with the Balddivis team in 2014 as a fulltime locum, and has since joined our permanent team in late 2015. She has over 7 years' experience and has a special interest in small animal medicine, and also enjoys seeing our feathered patients.

Katy Davis

**Dr. Katy Davis (Small Animal):** Dr. Katy joined our team in early 2016, after spending 3 years in mixed practice in Victoria. She has a special interest in Ultrasonography and Small Animal Surgery and Consulting. She enjoys spending her time outside of work at the beach and being outdoors.

Les Brown

**Dr. Les Brown (Equine):** Dr. Les has extensive experience working both in New Zealand and on the east coast of Australia prior to joining us in 2004. He has a variety of interests including lameness and respiratory problems in race horses, breeding and pleasure horses.

James Meyer

**Dr. James Meyer (Equine):** Dr. James has extensive experience as a FEI Veterinarian and joins us from South Australia. He has become a valued member of the team since December 2015. With a special interest in Equine surgery and performance horses. Dr. James has also been an experienced Pony club instructor since 2010.

Liz Woodberry

**Dr. Liz Woodberry (Equine):** Dr. Liz joined the Balddivis team in 2007 and she works with both family pets and horses. Dr. Liz is a caring veterinary surgeon who is competent in medicine and surgery. Coming from the Hunter Valley, Dr. Liz has a special interest in equine reproduction.

## LOVE YOUR VET

## BALDIVIS VET FAMILY PETS

## LOVE AND EXCELLENT VETERINARY CARE 24 HRS EVERYDAY

# WE LOVE LOOKING AFTER YOUR FAMILY PETS, HELPING THEM LIVE LONGER, HAPPIER AND MORE ACTIVE GOALS

From the moment you arrive at Baldivis Vet Hospital you will be in skilled and gentle hands. Our dedicated team of receptionists, nurses and veterinarians are here to help you and your pet.

Our hospital is designed for the comfort of our patients and clients, with ample parking, sizeable waiting areas and kennels, and air-conditioning. Baldivis Vet Hospital is open 7 days per week and Baldivis Emergency Vet is open overnight and all public holidays.

Together we offer continuous veterinary care - we even have an emergency generator in case of power failure. We have staff living on the property since the practice's inception in 1984, so your pet is never alone.

We understand how important it is to see the same vet, where possible, so please feel free to request your pet's favourite doctor when you make an appointment.

## THE JOURNEY AT BALDIVIS VET HOSPITAL

Often begins with a family bringing their new puppy or kitten for their first vaccination, then for puppy school and later for advanced training. We offer vaccination packages, microchip identification, heart-worm prevention programs, intestinal worming programs, desexing, as well as helping with the various ailments associated with growing up.

As pets mature we offer annual health checks, weight control programs and senior consults, along with many other services and the necessary care to recover from ailments that may occur along the way. With old age comes a range of potential problems, and the veterinarians and nurses at Baldivis Vet Hospital will be there to guide you through and manage issues as they develop.

When the time comes to say goodbye we will treat your pet with dignity, and be there to comfort you. All members of our team have pets of their own, so we understand how difficult this time is for you and your family.

**WE AT BALDIVIS VET HOSPITAL  
WOULD LIKE TO SHARE IN YOUR  
JOURNEY WITH YOUR PET.**

## CAT FRIENDLY PRACTICE

We have become one of only a few facilities in Perth, recognised as a "Cat Friendly Practice". This is reached by maintaining a CAT ONLY consultation areas, services, wards and Veterinary representative.

## DOG TRAINING & OBEDIENCE

It is important that your puppy gets properly educated and socialised to prevent any behavioral issues in the future. We offer Puppy classes most nights a week, High school classes and offer obedience and agility training onsite.

## WHY CHOOSE US?

Our team of qualified and experienced Vets and Veterinary Nurses are dedicated to providing you and your pet with gold standard care and attention. We offer friendly care and advice 24 hours a day. Our diagnostic equipment includes an advance in-house IDEXX laboratory, digital radiography, ultrasound, full equine and small animal pharmacy just to name a few. Established inV 1984, we exist and operate because thousands of owners are delighted with our compassionate care of their pets.
