BALDIVIS VET
HOSPITAL

LOVE AND EXCELLENT
VETERINARY CARE
24 HOURS EVERY DAY

YOUR PETS WILL RECEIVE LOVE AND EXCELLENT VETERINARY CARE 24 HOURS EVERY DAY AT BALDIVIS VET HOSPITAL

Our team of qualified and experienced Vets & Nurses are dedicated to providing you and your pet with gold standard care and attention.

Cat Friendly Practice

At Baldivis Vet Hospital, we have become one of only a few facilities in Perth, recognised as a "Cat Friendly Practice". This is reached by maintaining CAT ONLY consultation areas, services, wards and veterinarians with a special interest in cats.

Dog Training & Obedience

Attending puppy classes can be a lot of fun, they provide a great opportunity for your puppy to socialise and for you to bond with your puppy. Puppy and adolescent socialisation is very important and we have puppy classes most nights of the week, plus puppy high school classes for older puppies and then obedience and agility for adults.

THE JOURNEY AT BALDIVIS VET HOSPITAL

The journey often begins with a family bringing their new puppy or kitten for their first vaccination, then for puppy school and later for advanced training. We have vaccination packages, microchip identification, heartworm prevention programs, intestinal worming programs, desexing, as well as helping with the various ailments associated with growing up. Many patients return to play on our enclosed arena.

Pets age quickly when compared to people. Annual health checks are essential to ensure your pet stays in good health.

After 7 years of age, biannual health checks and blood tests are recommended. Regular dental care is essential for all pets.

With old age comes a range of issues and our veterinary care aims to improve your pets quality of life. We will be there every step of the way to provide love and excellent veterinary care.

ENJOY THE JOURNEY WITH YOUR PET! ”

We enjoy caring for your family's pets, helping them live longer, happier & active lives.

From the moment you arrive at Baldivis Vet Hospital you will be in skilled and gentle hands. Our dedicated team of receptionists, nurses and veterinarians are here to help you and your pet.

Our hospital is designed for the comfort of our patients and clients, with ample parking, sizeable waiting areas, comfortable and air-conditioned kennels. Baldivis Vet Hospital is open 7 days per week and Baldivis Emergency Vet is open overnight and all public holidays.

We provide continuous veterinary care - we even have an emergency generator in case of power failure. We have live-in staff so your pet will never be alone.

We understand how important it is to see the same Vet, please request your pet's favourite doctor when you make an appointment.

Install MyVET and keep up to date with your pet's healthcare initiatives.
